Current status:

- Working at Funding Circle and not available for hire

About me:

- I love creating modern web/hybrid apps backed by Clojurescript/Clojure and Node.js
- I have done and participated in various projects - in building interactive, responsive and adaptive web apps, complex enterprise-level solutions, mobile apps, cloud services and APIs
- Relentlessly trying to improve my own productivity and sharing my knowledge with my colleagues. As my best lifetime investment, I consider time spent on learning Vim, Emacs and plethora of other tools
- During my career I have attained proficiency and explored languages like: JavaScript, Lua, Coffeescript, Typescript, Livescript, C#, Python and Clojure
- I am familiar with Ruby, Java and SQL
- Outside of work I am looking forward to learn Haskell, Purescript, Elm and Racket, planning to dig into React Native and Electron, venture into category theory and machine learning algorithms
