Current status:

- Working at Funding Circle and not available for hire

About me:

- I like creating modern web/hybrid apps backed by Clojurescript/Clojure and Node.js

- I have done and participated in various projects - in building interactive, responsive and adaptive web apps, complex enterprise-level solutions, mobile apps, cloud services and APIs

- Enthusiast of test automation, I like TDD, generative testing and anything related to testing

- I understand OOP principles but prefer functional programming constructs, immutable data structures and higher-order functions

- Relentlessly try to improve my productivity. I consider time spent on learning Vim, Emacs and plethora of other tools as my best lifetime investment

- During my career I have attained proficiency and explored languages like: JavaScript, Coffeescript, Typescript, Livescript, C#, Python and Clojure

- I am familiar with Ruby and Java

- Looking forward to learn some Haskell, Elm, Purescript and Racket
