Ag Ibragimov

Software Developer

✉ agzam.ibragimov@gmail.com

Current status:

Working at Funding Circle, open to discuss opportunities.

About me:

• I love Clojurescript and functional programming

• Back and front-end, with preference on the latter

• I have built interactive, responsive and adaptive web apps, complex enterprise-level solutions, mobile apps, cloud services and APIs

• Keyboard junkie. Relentlessly seek ways to improve my own productivity and evangelize others. I consider years spent mastering Vim, Emacs and plethora of other tools is my best lifetime investment.

• I have attained proficiency and explored languages like: Javascript, Typescript, Lua, Coffeescript and Livescript, C#, SQL, Python, Emacs-lisp and Clojure

• I am familiar with Ruby and Java

• I'd like to explore Haskell, Purescript, Elm, OCaml and Racket

Professional experience
